Take Back Your State Government!

“The People’s Convention to Reform New York” is a grassroots, non-partisan reform effort to empower citizens so they can take back their state government and chart a positive, new direction for New York.

The People’s Convention to Reform New York Act” (Assembly Bill A.9157), would put the question of whether New York should convene a People’s Convention on this fall’s ballot; by law, this question already goes before voters in 2017. A People’s Convention could deliver the positive change that New York taxpayers of all political parties - and regions - are demanding. It’s your government - take it back!

We, the undersigned, support convening a People’s Convention to Reform New York.
